TESTIMONIAL

I would like to gain a permanent position in your company as a full-time employee due to the amount of competence that I personally have.

My interests are to grow, experience and gain knowledge everyday as a full-time employee who is willing to devote myself to the hours and duties that has been laid out for me to perform.

All my hours and duties, I will complete with full enthusiasm and effort with guarantee that I will get things done in a professional manner.

I am a social individual who can connect and understand most kinds of the various personalities found in different people. Which allows me to collaborate with my fellow work colleagues and teams easily, to ensure full collaboration and providing excellent feedback.

I love coding as it is my most favorite thing to do. Coding, and repairing PC's as well a building them. IT is my passion.
